**Re: Minor change approval for PD No. 1369, 110 N. Wacker Dr.**

Dear Mr. George:

Please be advised that your request for a minor change to Waterway Business Planned Development No. 1369 ("PD 1369") has been considered by the Department of Planning and Development pursuant to Section 17-13-0611 of the Zoning Ordinance and Statement Number 13 of PD 1369.

Your client and the sole owner of the property, 110 N Wacker Drive Titleholder LLC, is seeking a minor change to allow for modifications to the proposed riverfront plaza at the under construction commercial, high-rise building at 110 N. Wacker Dr. As shown on the attached exhibits, an emergency exit and outdoor dining patio have been added at the building's north end. Additionally, the plaza includes 5% more landscape area, 50% more trees (8 to 12), and 25% more riverwalk seating. All previously approved paving materials, planting species, etc., remain. Along with the requirements of Statement No. 11 of the PD, the plaza should be appropriately signed to indicate it is accessible to the public.

With regard to your request, the Department of Planning and Development has determined that allowing the proposed modifications will not create an adverse impact on the Planned Development or surrounding neighborhood, will not result in an increase in the bulk or density, and will not change the character of the development, and therefore, would constitute a minor change.

Accordingly, pursuant to the authority granted by the Chicago Zoning Ordinance and PD 1369, I hereby approve the foregoing minor change, but no other changes to this Planned Development. This minor change is valid for twelve (12) months from the date of this letter unless action to implement the minor change is commenced within such time period and thereafter diligently pursued to completion, including, if applicable, construction consistent with the minor change as authorized by a building permit. If action to implement the minor change, including construction, does not begin within the time set forth, or does not proceed with reasonable diligence, then the approval will lapse and become null and void.

Sincerely,

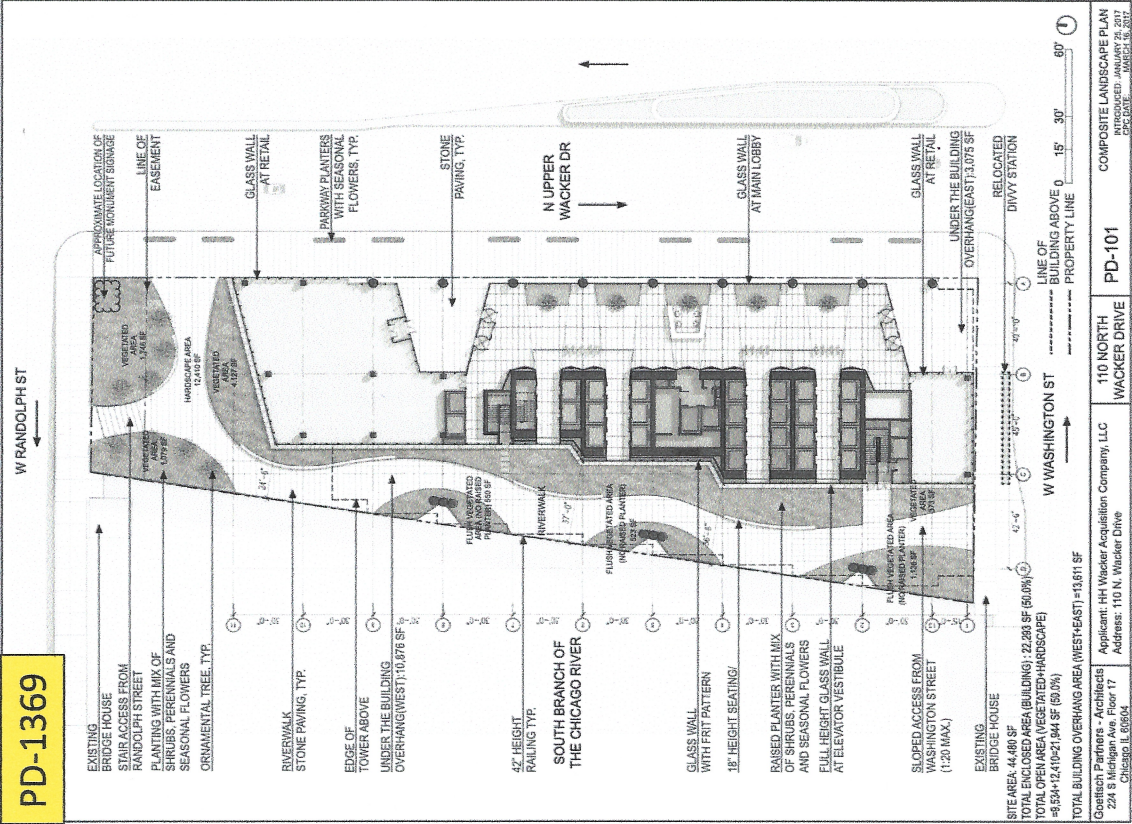

Nancy Radzevich

Assistant Commissioner

The Applicant acknowledges that the project has received a bonus FAR of 21.10, pursuant to Section 17-4-1000 of the Zoning Ordinance. With this bonus FAR, the total FAR for the Planned Development is 37.10. In exchange for the bonus FAR, the Applicant is required to make a corresponding payment, pursuant to Sections 17-4-1003-B and C, prior to the issuance of the first building permit for any building in the Planned Development; provided, however, if the Planned Development is constructed in phases, the bonus payment may be paid on a pro rata basis as the first building permit for each subsequent new building or phase of construction is issued. 11. The Applicant shall design and construct the open space plaza depicted in the attached exhibit to this Planned Development labeled the Composite Landscape Plan (hereinafter the "Plaza"), and shall be responsible to assure that the Plaza is clean, litter free and clear of snow and debris and that any landscaping or plant material is in a healthy condition. The Plaza shall be open to the public daily from 6:00 A.M. to 11:00 P.M. The Applicant agrees to cooperate with the City to permit the installation of mutually-approved public art or sculpture within the Plaza in a mutually agreed upon location in the general area of the northeast corner of the site.
12. The Applicant shall comply with Rules and Regulations for the Maintenance of Stockpiles promulgated by the Commissioners of the Departments of Streets and Sanitation, Fleet and Facility Management and Buildings, under Section 13-32-085, or any other provision of the Municipal Code of Chicago.

The Applicant and the City of Chicago agree to cooperate to design a mutually acceptable future access to and from the street level riverwalk deck and the river level dock space when a river level riverwalk connection is made to the river level dock space from the adjacent properties to improve connectivity and access for the site, which does not adversely affect the building operations or security; such modifications that result from these discussions shall be made pursuant to Section 17-13-0611.
14. The Applicant acknowledges that it is in the public interest to design, construct and maintain the project in a manner which promotes, enables and maximizes universal access throughout the Property. Plans for all buildings and improvements on the Property shall be reviewed and approved by the Mayor's Office for People with Disabilities to ensure compliance with all applicable laws and regulations related to access for persons with disabilities and to promote the highest standard of accessibility.
15. The Applicant acknowledges that it is in the public interest to design, construct, renovate and maintain all buildings in a manner that provides healthier indoor environments, reduces operating costs and conserves energy and natural resources.

The Applicant shall obtain the number of points necessary to meet the requirements of the Chicago Sustainable Development Policy, in effect at the time the Part II Review process is initiated for each improvement that is subject to the aforementioned policy and must provide documentation verifying compliance.

16. The Applicant acknowledges the importance of the Chicago River as a resource for both commerce and recreation and also acknowledges the City's goals of improving the appearance, quality and accessibility of the river, as contained in the waterway planned development guidelines contained in the Zoning Ordinance (Section 17-8-0912) and the Chicago River Corridor Design Guidelines and Standards. To further these goals, the Applicant agrees to: (a) provide a landscaped 60-foot high arcaded street level river setback and continuous riverwalk that is between 25 feet and 45 feet as indicated on the Site Plan and Composite Landscape Plan ("Street Level Riverwalk Deck"); and (b) permit connection by others to the property's river level dock space to the setback and riverwalks of adjacent properties when the river edges of the adjacent properties are similarly improved. All improvements within the Street Level Riverwalk Deck and river level dock space setback must be substantially completed prior to receipt of a final Certificate of Occupancy for the principal building, provided that planting may be delayed, if consistent with good landscape practice, but not longer than one year following receipt of the occupancy certificate.
17. This Planned Development shall be governed by Section 17-13-0612. Should this Planned Development ordinance lapse, the Commissioner of the Department of Planning and Development shall initiate a zoning map amendment to rezone the Property to the Waterway-Business Planned Development dated February 28, 2018.

**Re: Administrative Relief request for Planned Development No. 1369  
110 N. Wacker Drive**

Dear Mr. George:

Please be advised that your request for a minor change to Waterway-Business Planned Development No. 1369 ("PD 1369"), has been considered by the Department of Planning and Development pursuant to Section 17-13-0611 of the Chicago Zoning Ordinance and Statement No. 13 of PD 1369.

Your client and the owner of all of the property within PD 1369, HH Wacker Acquisition Company LLC, is seeking administrative relief to allow for the following modifications to the proposed building at 110 N. Wacker Drive:

- Correct a floor count error – the PD identified 16 midrise floors but there are only 15, as shown on the attached, revised, West-East Building Section.
- Eliminate the 38th floor building setback and relocate the uppermost setback from the 54<sup>th</sup> floor to the 51<sup>st</sup> floor, as shown on the attached, revised, West, East, North and South Elevations. This modification is due to a tenant who is leasing approximately 30,000 square feet of office space in the building.
- Add a midblock building entrance on Wacker Dr., as shown on the attached, revised Composite Landscape Plan and Riverwalk Level Plan,
- Reconfigure the roof area, as shown on the attached, revised Site Plan and Green Roof Plan.

With regard to your request, the Department of Planning and Development has determined that allowing the proposed modifications will not create an adverse impact on the Planned Development or surrounding neighborhood, will not result in an increase in the bulk or density, and will not change the character of the development, and therefore, would constitute a minor change.

Accordingly, pursuant to the authority granted by the Chicago Zoning Ordinance and Waterway-Business Planned Development No. 1369, I hereby approve the foregoing minor change, but no other changes to this Planned Development. This minor change is valid for twelve (12) months from the date of this letter unless action to implement the minor change is commenced within such time period and thereafter diligently pursued to completion, including, if applicable, construction consistent with the minor change as authorized by a building permit. If action to implement the minor change, including construction, does not begin within the time set forth, or does not proceed with reasonable diligence, then the approval will lapse and become null and void.

Sincerely,
